NOW THEREFORE, in consideration of the foregoing recitals, the mutual covenants and promises set forth herein, and for other good and valuable consideration, the receipt of which is hereby acknowledged and all objections to the sufficiency and adequacy of which are hereby waived, the parties agree as follows:

SECTION 1. PROJECTS

(a) The Consultant shall provide professional services in connection with various County projects for the following categories of services: Category 8 – Geotechnical Services.

(b) The Consultant shall perform such services on an as-needed, as-assigned basis in accordance with this Agreement. Each individual service assignment issued by the County to the Consultant shall be referred to as a “Project” and collectively as the “Projects.” No Project shall commence unless and until authorized by the County through a written Work Order.

(c) For purposes of this Agreement, the County Representative will be Howard Wanamaker, County Manager, and the Project Manager will be Richard Smith, Engineering Director, or his designee.

SECTION 2. SCOPE OF SERVICES

(a) The Consultant shall perform all services (“Services”) for each assigned Project in accordance with: (i) the RFQ Scope of Services attached as **Exhibit 1** and incorporated herein by reference, and (ii) the applicable Work Order executed by the parties for the assigned Project, in the general form attached as **Exhibit 2**, as it may be amended from time to time by the County. No Services shall commence unless and until a Work Order has been fully executed by both the County Manager and the Consultant, at which time the Work Order shall become incorporated into and governed by this Agreement.

(b) The Services to be provided under a Work Order may include, but are not limited to, design support services, preparation and submission of plans, utility coordination, post-design services, coordination with the Internal Review Committee and Development Review Committee, project bidding and negotiation assistance, value engineering, and permitting service.

(c) When Services are required, the County will request from the Consultant a proposed scope of services for the applicable awarded Categories. The Consultant shall prepare and submit to the County’s Project Manager and Purchasing Department, for review and approval: (1) a scope of services, (2) a fee summary for the Consultant; and (3) either a lump sum fee or a not-to-exceed amount for the Project based upon the applicable schedule of hourly rates attached hereto as follows: **Exhibit 3** – Category 8 Hourly Rates. At the County’s discretion, certain tasks may

instead be compensated on a lump sum basis rather than pursuant to hourly rates. If the scope, fee, and amount are mutually agreed upon, the County will issue a Work Order for execution.

(d) The Consultant shall furnish all professional, technical, clerical, and related services and personnel necessary to fully perform the Services for each assigned Project. In performing the Services, the Consultant shall act as an extension of the County's staff and shall provide qualified personnel capable of performing all assigned duties and responsibilities in a timely, professional, and efficient manner.

(e) Upon assignment of a Project, the Consultant shall meet with the County Project Manager, or designee, and any other designated County staff at mutually agreed upon intervals to review the status of the Project, progress of the Services, critical activities, performance, scheduling, and any other Project-related matters. In addition, the Consultant shall provide thorough and accurate monthly progress reports, as applicable, identifying the current status of the Project, Services completed, anticipated upcoming Services and associated timeframes, and any actual or potential delays, issues, or circumstances that may impact the Project schedule, budget, or performance..

(f) In entering into this Agreement, the Consultant represents and warrants that it presently possesses, or will obtain in a timely manner, all equipment, materials, and personnel necessary to fully perform the Services described herein. The Consultant shall assign sufficient qualified personnel as are required to ensure the diligent, timely, and competent performance of the Services in accordance with the terms of this Agreement. The Consultant shall ensure that all personnel assigned to perform the Services: (1) are properly trained, licensed, and certified as may be required by applicable law and industry standards; (2) possess the necessary qualifications and experience to carry out their assigned duties; and (3) comply with all applicable terms and conditions of this Agreement.

(g) The Consultant represents and warrants to the County that Consultant is experienced with providing the Services described in this Agreement and is qualified and competent to perform such Services. The Consultant shall perform all Services in a professional, timely, and competent manner consistent with industry standards and in accordance with all applicable laws, rules, and regulations.

(h) In performance of the Services, the Consultant acknowledges that it is bound by and shall comply with all terms and conditions of this Agreement and all applicable federal, state, and local laws, statutes, and regulations, as they may be modified from time to time, or any new laws that may be established during the term of the Agreement. Additionally, the Consultant is bound by and shall comply with all applicable administrative, regulatory, safety and environmental laws, codes, rules, regulations, policies, procedures, guidelines, standards and permits, including, but not limited to, those of the Florida Department of Transportation (FDOT), St. Johns River Water Management District, Florida Department of Environmental Protection, Florida Department of Health, and Florida Fish and Wildlife Conservation Commission. Any violation of these laws, rules, and regulations shall constitute a material breach of this Agreement and shall entitle the County to terminate this Agreement upon delivery of written notice of termination to the Consultant as outlined herein.

(i) Nothing in this Agreement shall be construed as guaranteeing the Consultant any minimum amount of Services, Work Orders, Projects, or compensation during the term of this Agreement. The County makes no representation or guarantee regarding the volume or frequency of Services, Work Orders, or Projects that may be requested or assigned under this Agreement.

(j) The County reserves the right to issue Work Orders for a Project to multiple consultants for the performance of specific services. In such event, all consultants shall cooperate and coordinate with one another as necessary to ensure that all project schedules, deadlines, and deliverables are satisfied. The County may designate one consultant to serve as the lead consultant for a particular Project.

(k) This Agreement is non-exclusive and shall not be construed to create an exclusive contractual relationship between the County and the Consultant. The Consultant may provide services to other clients, provided such services do not conflict with the Consultant's obligations under this Agreement, and the County reserves the right to provide and/or obtain similar services from other consultants or contractors.

(l) The County reserves the right, in its sole discretion, to add to, substitute, or remove Services or Categories under this Agreement based on the County's actual project workload and schedules. Project assignments shall be made exclusively at the County's discretion, and the County shall determine which consultant, if any, is the most qualified to provide the required services for a given Project or portion thereof. In making such determinations, the County may consider, without limitation: (1) the Consultant's capabilities and resources; (2) the Consultant's record of providing qualified and experienced personnel; (3) the expertise of the personnel proposed for the Project; (4) the Consultant's history of timely performance; and (5) the past performance of the Consultant and its personnel on County projects.

(m) The County may conduct performance evaluations of the Consultant at any time during performance of the Services and/or soon after the completion of any Project to ensure compliance with the Agreement.

SECTION 3. ADDITIONAL SERVICES AND FEES

If the County identifies, or the Consultant recommends, any additional work, materials, or services not included in the original scope of this Agreement but deemed beneficial to the County, such additions shall only be undertaken upon the mutual agreement of the County and the Consultant. The scope, timing, and associated fees for any such additional work must be authorized in writing by the County.

SECTION 4. TERM AND TIMELY PERFORMANCE

(a) The term of this Agreement shall commence on the Effective Date and shall remain in effect for a period of twenty-four (24) months from the Effective Date, unless earlier terminated in accordance with the terms of this Agreement. The Agreement may be renewed for up to two additional twelve (12) month terms upon the mutual written agreement of the parties. In connection

with any renewal, the County reserves the right, in its sole discretion, to renew the Agreement for all awarded Categories or only selected Categories.

(b) The parties mutually acknowledge and agree that time is of the essence in the performance and completion of the Services assigned under this Agreement. The Consultant shall perform all Services in a timely manner, as required by the terms of this Agreement and the associated Work Order.

(c) Notwithstanding the termination or expiration of this Agreement, this Agreement will survive as to any and all Work Orders signed by both parties prior to the Agreement's effective termination or expiration date, until all of the rights and obligations of both parties thereunder have been fulfilled or the Work Order has been terminated.

SECTION 5. SUBCONSULTANTS

(a) No subconsultants are authorized under this Agreement. The Consultant shall not utilize any subconsultant in connection with the Services to be performed under this Agreement without the County's prior written authorization. Such written authorization may be granted by the Project Manager on behalf of the County.

(b) In the event the County authorizes the use of a subconsultant, such subconsultant shall be supervised and compensated solely by the Consultant. The Consultant shall remain fully responsible to the County for the acts and omissions, performance, and timeliness of Services of any authorized subconsultant and of persons directly or indirectly employed by such subconsultant.

(c) The Consultant shall require all authorized subconsultants to comply with the applicable terms and conditions of this Agreement. The Consultant shall include in each subconsultant agreement provisions sufficient to give the Consultant the same authority and control over the subconsultant as the County retains over the Consultant under this Agreement.

(d) Nothing in this Agreement shall be construed to create any contractual relationship between the County and any subconsultant or to provide any subconsultant with any rights, claims, or remedies against the County or any of its employees, officers, agents, or representatives, including for payment or otherwise.

SECTION 6. PAYMENT FOR SERVICES

(a) Payments will be made by the County to the Consultant for Services actually, timely, and satisfactorily performed for an assigned Project on a lump sum or not-to-exceed basis, as set forth in the applicable Work Order for the Project. To the extent design phase services are included within a Work Order, the applicable Work Order may establish milestone progress payments or other payment terms governing such services. Payment shall be made upon the Consultant's submission of a Proper Invoice and all required supporting documentation in accordance with Section 7 of this Agreement.

(b) The mutually agreed upon lump sum or not-to-exceed amount for each assigned Project shall be calculated based upon the applicable hourly rates set forth in Exhibit 3, together with any other pricing methodology expressly identified in the applicable Work Order.

(c) The compensation established for each Project shall constitute full and complete payment for all Services performed by the Consultant, including, but not limited to, travel, overtime, labor, personnel, man-hours, materials, equipment, supplies, overhead, profit, reimbursable expenses, and all other costs and expenses incurred in connection with the performance of the Services.

(d) No increases in hourly rates shall be permitted during the initial twenty-four (24) month term of this Agreement. Thereafter, the Consultant may request an adjustment to the hourly rates in connection with any renewal term by providing written notice to the Project Manager and Purchasing/Contracts Manager prior to renewal of the applicable term. Such notice must identify the proposed adjustment(s) and include supporting justification. Upon receipt of a request, the County and the Consultant may negotiate the requested adjustment(s). If the Consultant fails to submit a written request with supporting documentation prior to renewal, the County may decline to consider the adjustment and may proceed with renewal at the existing rates or decline to renew the Agreement. If the parties are unable to reach agreement on any requested adjustment prior to renewal, the County may, in its sole discretion, decline to renew the Agreement. Any approved adjustment(s) shall be incorporated into this Agreement by written amendment and shall apply only during the applicable renewal term. Any request for a rate adjustment shall not exceed the percentage increase in the most recently published Consumer Price Index (CPI), or four percent (4%), whichever is greater, unless otherwise expressly approved by the parties in a written amendment to this Agreement. If the Consultant does not request and receive approval for an increase to the approved hourly rates in any given renewal term, the Consultant may not carry forward, combine, or compound any unrequested or unapproved increase in a subsequent renewal term to recoup the prior year's increase.

SECTION 7. PAYMENT PROCEDURES

(a) As used herein, the term "Act" means the Local Government Prompt Payment Act set forth in Part VII of Chapter 218, Florida Statutes; the term "Invoice" means a statement, invoice, bill, draw request or payment request submitted by the Consultant under this Agreement; the term "Proper Invoice" means an Invoice that conforms with all statutory requirements set forth in the Act and all requirements specified herein; and the term "Submittal Date" means, with respect to an Invoice, the submittal date thereof to the Paying Agent. Invoices shall be submitted to Clay County Comptroller's office ("Paying Agent") by Email at invoices@clayclerk.com or U.S. Mail at Clay County BOCC, PO Box 988, Green Cove Springs, FL 32043 ATTN: Accounts Payable with a copy to the Project Manager. All payments will be governed by the Act, which provides that payments will be made not later than 45 days from receipt of a Proper Invoice.

(b) The Consultant shall submit Invoices to the Paying Agent no more than once per month for each assigned Project. Each Invoice shall reflect the value of Services completed to the date of the Invoice, calculated in accordance with the amounts set forth in the applicable Work Order, less any prior payment requests submitted and amounts previously paid. Except as otherwise

provided in the applicable Work Order, no payment shall be due for Services not yet performed or approved by the County for payment purposes.

(c) Invoices shall be signed by the Consultant and must include the following information and items:

- 1) The Consultant's name, address and phone number, including payment remittance address.
- 2) The Invoice number and date.
- 3) Reference to the Agreement by its title and number as designated by the County and Purchase Order and/or Work Order number.
- 4) The period and brief description of the Services covered by the Invoice, including the applicable design phase milestone, if any.
- 5) The total amount of payment requested for the assigned Project, the lump sum or not-to-exceed amount for the assigned Project, the total amount previously requested for the assigned Project, and the total amount paid to date for the assigned Project.
- 6) Supporting documentation demonstrating the percentage of completion achieved and Services rendered, including milestone deliverables, hours worked, and/or timesheets, as applicable.
- 7) Supporting documentation necessary to satisfy auditing requirements (both pre-audits and post-audits), for cost and Services completion.
- 8) The Consultant must provide any additional documents, records, updates, or information as needed to support or document the Invoice as may be requested by the County.

(d) Upon receipt of an Invoice submitted under this section, the Paying Agent and/or Project Manager/designee shall date stamp the Invoice as received. Thereafter, the Paying Agent and/or Project Manager/designee shall review the Invoice and may also review the Services to determine whether the quantity and quality of the Services are as represented in the Invoice and otherwise comply with the requirements of this Agreement. If the Paying Agent and/or Project Manager/designee determine that the Invoice does not conform with the applicable requirements of this Agreement or that the Services within the scope of the Invoice have not been properly delivered, performed, approved for payment purposes, and/or otherwise provided in accordance with this Agreement, the Paying Agent and/or Project Manager/designee shall notify the Consultant in writing within ten (10) business days after receipt of the improper Invoice, identifying the deficiency and the corrective action required for the Invoice to be deemed proper.

(e) By the submittal of an Invoice hereunder, the Consultant shall have been deemed to have warranted to the County that all Services for which payments have been previously received from the County shall be free and clear of liens, claims, security interests or other encumbrances in favor of the Consultant or any other person or entity for failure to make payment.

(f) The parties will attempt to settle any payment dispute arising under this paragraph through consultation and a spirit of mutual cooperation. The dispute will be escalated to appropriate higher-

level managers of the parties, if necessary. If the dispute concerning payment of an Invoice remains unresolved within 30 days following the Submittal Date, then the Project Manager shall schedule a meeting between the Consultant's representative and the Project Manager with the County Manager, to be held no later than 43 calendar days following the Submittal Date, and shall provide written notice to the Consultant regarding the date, time and place of the meeting no less than 5 calendar days prior thereto. At the meeting, the Consultant's representative and the Project Manager shall submit to the County Manager their respective positions regarding the dispute, including any testimony and documents in support thereof. The County Manager shall issue a written decision resolving the dispute within 45 calendar days following the Submittal Date, and serve copies thereof on the Consultant's representative and the Project Manager.

(g) Final Payment for each assigned Project. Acceptance by the Consultant, including its successors and assigns, of final payment for an assigned Project shall constitute a full and complete release of the County from any and all claims or demands for further compensation for Services performed under the applicable Work Order, unless the Consultant has properly and timely filed a claim prior to such payment.

(h) The County's review, approval, acceptance of, or payment for the Services required under this Agreement may not be construed or deemed to operate as a waiver of any rights under this Agreement or of any cause of action arising out of the performance of this Agreement, and the Consultant will be and remain liable to the County in accordance with applicable law for damages suffered by the County to the extent caused by the Consultant's negligent performance of any of the Services furnished under this Agreement.

SECTION 8. CHANGE ORDERS

(a) Change Orders submitted by Consultant.

- 1) Change Orders may be used to clarify the Services, modify the scope of services, adjust prices or rates, extend the Project schedule, address unforeseen conditions, or otherwise ensure the Project is functionally operational in accordance with the intent of this Agreement.
- 2) Prior to requesting approval of a Change Order, the Consultant shall review all cost proposals. The Consultant shall provide the County with documentation supporting the validity and reasonableness of the proposed Change Order, including itemized pricing, time impacts, schedules, and any other relevant details as may be applicable. The proposed Change Order shall clearly set forth the requested cost adjustments, time extensions, and any other material changes to the Agreement. No work or services covered by a proposed Change Order shall be performed, nor shall payment be made until the County has approved the Change Order in writing. In the absence of prior written approval, the Consultant waives any claim for additional compensation or time related to the unapproved work. Submission of supporting documentation by the Consultant shall not, in itself, be construed as validation of the claim. Approved Change Orders will be made a part of this Agreement by a written amendment to the Agreement or to the applicable Work Order, as appropriate, and must be executed by both parties.

- 3) Each Change Order must clearly set forth the basis for the change or requested adjustment and must be supported by sufficient substantiating data to allow for a full and fair evaluation by the County. If a Change Order includes a request for a time extension, it must also include a detailed explanation of the circumstances justifying the extension, accompanied by adequate documentation or information to support such request. Change Orders shall not be used to request time extensions resulting from delays or conditions attributable to the Consultant.
 - 4) All Change Orders must be submitted in writing to the County's Project Manager at the email address specified in the "Notice" section of this Agreement, or to such other individual or location as the County may designate in writing. Each Change Order shall include all required supporting documentation. A copy of each submitted Change Order must also be emailed to the County's Purchasing Department at purchasing@claycountygov.com, or to such other individual or location as the County may designate in writing. **The email subject line for all Change Order submissions must state: "Change Order Request."**
- (b) Change Order submitted by contractors.
- 1) As part of the Services under this Agreement, the Consultant may be requested to review and approve Change Orders submitted by contractors for a Project. A Change Order as used in this section means a written amendment or modification to the Project for which the Consultant is providing services. Change Orders may be issued to clarify or modify the scope of work, adjust unit costs or the contract price, extend the Project schedule, address unforeseen conditions, or otherwise ensure the Project remains functionally operational.
 - 2) The Consultant acknowledges that, in accordance with Section 218.755, Florida Statutes, if the County receives from a contractor a price quote for a Change Order that was requested or issued by the County for construction services, and the price quote complies with all statutory and contractual requirements, as determined by the County, the County must approve or deny the price quote and provide written notice of its decision to the contractor within thirty-five (35) days of receipt of such quote. If the County denies the Change Order, the written notice shall state the deficiencies in the price quote and identify the actions required to remedy such deficiencies. The County's failure to provide such written notice within the required timeframe will result in the Change Order and price quote being deemed approved, and the County must pay the contractor the amount stated in the price quote upon completion of the Change Order work.
 - 3) The County, in consultation with the Consultant, shall provide to the contractor its written determination regarding any Change Order request. To enable the County to issue such determination in a timely manner and in accordance with Section 218.755, Florida Statutes, the Consultant shall provide to the County its written recommendations, comments, and/or approval within fourteen (14) days of receipt of a Change Order submitted by a contractor for a Project. The Consultant's failure to provide such written recommendations, comments, and/or approval within the required timeframe shall constitute a breach of this

Agreement and shall subject the Consultant to the financial consequences set forth in Section 2.11, which was added to the Agreement as part of the First Renewal.

SECTION 9. INSURANCE

The County requires the policy to be endorsed with WC 00 03 13 Waiver of our Right to Recover from Others or equivalent.

The Consultant must be in compliance with all applicable State and federal workers' compensation laws, including the U.S. Longshore Harbor Workers' Act and the Jones Act, if applicable.

5. Umbrella/Excess Insurance

If the Consultant's primary insurance policy/policies do not meet the minimum requirements, the Consultant may provide an Umbrella/Excess insurance policy to comply with the insurance requirements.

(b) Providing and maintaining adequate insurance coverage is a material obligation of the Consultant. Prior to commencement of the Services, the Consultant must deliver valid certificates of insurance for the required insurance coverage to the County's Purchasing Department.

(c) The certificates of insurance for the required coverages, with the exception of Workers' Compensation and Employer's Liability and Professional Liability, shall name "**Clay County, a political subdivision of the State of Florida, and The Board of County Commissioners, Clay County, Florida, its employees, agents, boards and commissions, as their interests may appear**" as "**Additional Insureds.**" The coverage shall contain no special limitation on the scope of protection afforded to the County, its employees, agents, officials, boards, and commissions. The certificates of insurance shall indicate if coverage is provided under a claims-made or occurrence form. If any coverage is provided on a claims-made form, the certificates of insurance will show a retroactive date, which should be the same date of the initial Agreement or prior. The Agreement number, event dates, and/or other identifying reference must be listed on the certificates of insurance.

(d) The Certificate Holder on the certificates of insurance should read as follows: "**Clay County Board of County Commissioners, P.O. Box 1366, Green Cove Springs, FL 32043**" or as otherwise designated by the County's Purchasing Department.

(e) The certificates of insurance shall be provided to the County with a thirty (30) day notice of cancellation; ten (10) days' notice if cancellation is for nonpayment of premium. In the event that the insurer is unable to accommodate the cancellation notice requirement, it shall be the responsibility of the Consultant to provide the proper notice. Such notification will be in writing by registered mail, return receipt requested, and addressed to the Certificate Holder. In the event the Agreement term goes beyond the expiration date of any insurance policy, the Consultant shall provide the County's Purchasing Department with an updated certificate of insurance no later than ten (10) days prior to the expiration of the insurance currently in effect. The County reserves the

right to suspend the Agreement until this requirement is met. If any required insurance coverage is canceled, terminated, or revoked, the Consultant agrees to immediately suspend its operations until replacement insurance is obtained and verified.

(f) Any exclusions or provisions in the insurance maintained by the Consultant that excludes coverage for work or services contemplated under this Agreement shall be deemed unacceptable, a material violation of the County's bidding requirements, and shall be considered a breach of the Agreement.

(g) These insurance requirements may be modified and/or waived, in whole or in part, upon written approval by the County Manager or designee, without the need for a formal amendment to the Agreement.

SECTION 10. INDEMNIFICATION; SOVEREIGN IMMUNITY

(a) To the fullest extent permitted by law and in accordance with Section 725.08, Florida Statutes, the Consultant shall indemnify and hold harmless the County, and its officers and employees, from liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Consultant and other persons employed or utilized by the Consultant in the performance of the Agreement.

(b) The County does not agree to and shall not indemnify the Consultant or any other person or entity, for any purpose whatsoever. To the extent any indemnification by the County may be construed under this Agreement, any such indemnification shall be subject to, and limited by, the provisions of Section 768.28, Florida Statutes. Nothing herein shall be construed as a waiver of the County's sovereign immunity beyond the limits set forth in Section 768.28, Florida Statutes. Furthermore, nothing in this Agreement shall be interpreted as an agreement by the Consultant to indemnify the County for the negligent acts or omissions of the County and its officers, agents, or employees.

(c) No officer, employee or agent of the County acting within the scope of his/her employment or function shall be held personally liable in tort or named as a defendant in any action for any damage suffered as a result of any act, event, or failure to act.

(e) The provisions in this Section shall survive the termination or expiration of this Agreement.

SECTION 11. ACCURACY OF SERVICES

(a) The Consultant shall be responsible for the accuracy of its Services, including Services by any authorized subconsultants, and shall promptly make necessary revisions or corrections resulting from errors and omissions on the part of the Consultant or any authorized subconsultants without additional compensation. Acceptance of the Services by the County shall not relieve the Consultant of the responsibility for subsequent corrections of any such errors and the clarification of any ambiguities.

(b) Following completion of Services, if the Services provided hereunder do not conform to the foregoing standards and the same is reported to Consultant by County in writing promptly after recognition thereof, Consultant shall, at no cost to County, furnish all remedial design or consulting services required in connection therewith as soon as reasonably possible after receipt of such report from County.

(c) At any time during the construction of an assigned Project, the Consultant shall, upon the County's request, confer with the County to interpret information furnished by the Consultant and to correct any errors or omissions in its work. The Consultant shall prepare all data, documents, or other deliverables necessary to correct its errors and/or omissions without added compensation, regardless of whether final payment for the Services has been made.

SECTION 12. DOCUMENTS, OWNERSHIP AND USE

(b) Upon the effective date of termination or expiration of the Agreement, the Consultant shall provide to the County all documents, including, but not limited to, notes, files, evaluations, reports, studies, estimates, data, specifications, surveys, drawings, artwork files, plans, maps, and summaries relating to this Agreement (other than working papers) that have been accumulated by the Consultant, provided to the Consultant by the County, and/or prepared or developed by the Consultant or by any authorized subconsultant or subcontractor on behalf of the County and for which the Consultant has been paid to provide and perform the Services required to produce such documents. The Consultant agrees to provide these documents to the County within 10 business days of the County's request in such format and/or arrangement as requested by the County, including, but not limited to, physical and/or electronic copies.

(c) The Consultant shall not use any of these documents, data and information contained therein on any other project or for any other client without prior written permission of the County. Any use by the County of the documents, data and information contained therein, obtained by the

County under the provisions of the Agreement for any purpose not within the scope of the Agreement shall be at the sole risk of the County, for which the Consultant shall not be liable.

SECTION 13. ACCESSIBILITY COMPLIANCE (WCAG)

(a) Accessibility Compliance Requirement. To the extent Consultant provides any digital deliverables under this Agreement, including, without limitation, project websites, public-facing project information, electronic reports, PDFs, presentations, maps, graphics, dashboards, digital kiosks, or other electronic documents or media intended for public use or access, such deliverables shall comply with the Web Content Accessibility Guidelines (“WCAG”) Version 2.1, Level AA, as may be amended or superseded, and all applicable federal and state accessibility laws, regulations, and standards, including, without limitation, Title II of the Americans with Disabilities Act, Section 508 of the Rehabilitation Act of 1973, and the U.S. Department of Justice April 2024 Final Rule regarding digital accessibility.

Consultant shall ensure that all digital deliverables and related services provided under this Agreement comply with the accessibility requirements set forth herein and all applicable accessibility laws, regulations, and standards. Upon written notice from the County of any accessibility deficiency or noncompliance within the scope of Consultant’s Services, Consultant shall promptly investigate, correct, and remediate such deficiency or noncompliance at no additional cost to the County.

(c) Subcontractors and Third-Party Content. If Consultant utilizes any subcontractors, subconsultants, software, platforms, or third-party content in connection with digital deliverables under this Agreement, Consultant shall remain responsible for ensuring compliance with the accessibility requirements set forth herein to the extent such deliverables are within Consultant’s control or responsibility under this Agreement.

(d) Closeout Documents. To the extent required under this Agreement, all closeout documents, including operation and maintenance manuals, warranties, reports, record documents, and other electronic deliverables provided in digital format, shall be provided in an accessible, text-readable format compliant with applicable accessibility requirements. Image-only or scanned documents shall not be accepted unless accompanied by an accessible text-readable version.

(e) Indemnification. To the extent permitted by law and in accordance with Section 725.08, Florida Statutes, Consultant shall indemnify and hold harmless the County, its officers, employees, and agents from liabilities, damages, losses and costs, including, but not limited to, reasonable attorneys’ fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the Consultant and other persons employed or utilized by the Consultant in connection with the Consultant’s obligations to comply with the accessibility requirements applicable to the Services or digital deliverables provided under this Agreement. Nothing herein shall be construed as a waiver of the County’s sovereign immunity or limitations of liability under section 768.28, Florida Statute.

SECTION 14. FINANCIAL CONSEQUENCES

(a) In addition to all other rights and remedies available to the County under this Agreement or applicable law, and without limiting the provisions of the Default and Termination Section, the County may assess financial consequences against the Consultant in the event the Consultant fails to perform the Services in accordance with the terms of this Agreement, and such failure results in harm, damage, or financial loss to the County.

(b) Prior to imposing any financial consequences, the County shall provide the Consultant with written notice identifying the nature of the failure and providing the Consultant ten (10) calendar days to cure the failure, if curable. If the Consultant fails to timely cure the identified deficiency to the satisfaction of the County, the County may impose financial consequences as described herein.

(c) The amount of financial consequences shall be reasonably determined by the County and may include, but are not limited to: (i) reimbursement of any fees paid by the County to the Consultant for Services that were not performed or were improperly performed; (ii) the County's costs to correct, complete, or mitigate the Consultant's failure, including costs incurred to procure substitute services; and (iii) any direct financial losses suffered by the County resulting from the Consultant's failure to perform as required.

(d) The Consultant's total liability under this provision shall not exceed the total compensation paid or payable by the County to the Consultant under the applicable Work Order, except in cases involving gross negligence or willful misconduct. This limitation of liability shall not apply to the Consultant's indemnification obligations or to any damages which cannot be lawfully limited under applicable law.

(e) Nothing in this Section shall be construed as limiting the County's right to pursue other available legal or equitable remedies, including claims for breach of contract. The County's decision to impose financial consequences shall not be deemed a waiver of any other rights or remedies it may have arising from the Consultant's default or failure to perform any obligation under this Agreement.

SECTION 15. DEFAULT AND TERMINATION

(a) Default. The Consultant shall be in default if it breaches any covenant, condition, or obligation under this Agreement or any Work Order; fails to satisfactorily perform the Services required under this Agreement or an applicable Work Order; fails to make sufficient progress so as to endanger timely completion of the Services; fails to perform on time or comply with an applicable deadline or schedule; fails to provide sufficient properly skilled labor, materials, or equipment; performs Services in a negligent, deficient, or otherwise unacceptable manner and fails to timely cure or correct such deficiency; provides false or inaccurate information; fails to timely pay any subconsultants or suppliers; fails to comply with applicable laws, rules, regulations, or permit requirements; or ceases operations or otherwise becomes unable to perform its obligations. Upon such occurrence, the County may declare the Consultant in default by written notice. Except for defaults involving failure to comply with applicable laws, rules, or regulations (which must be

cured immediately), the Consultant shall have ten (10) calendar days after receipt of notice to cure the default or, if not curable within ten (10) days, to submit a written cure plan describing how and when the default will be cured. The County, in its sole discretion, may approve or reject the cure plan. Upon approval, the Consultant shall immediately commence implementation of the cure plan.

(b) If the Consultant fails or is unable to cure a default in accordance with this Agreement, the County may, in its sole discretion and in addition to any other rights or remedies available under this Agreement or applicable law, exercise one or more of the following remedies with respect to a specific Work Order, Category, or this Agreement as a whole:

1. Terminate the applicable Work Order, Category, and/or this Agreement for cause.
2. Initiate such legal or equitable proceedings as may be necessary to enforce the Consultant's performance obligations.
3. Withhold, offset, or suspend payments under the affected Work Order or this Agreement.
4. Take corrective or remedial action, including but not limited to:
 - i. Request additional information from the Consultant to determine the reasons for or the extent of non-compliance or lack of performance;
 - ii. Issue written warnings to advise that more serious measures may be taken if the situation is not corrected;
 - iii. Directing suspension of specific Services; and/or
 - iv. Completing the Services by other means.
5. Exercise any other rights or remedies available under this Agreement, any applicable Work Order, or under applicable law.

The exercise of any remedy shall not preclude the County from pursuing other available remedies.

(c) Termination for Cause. If the Consultant fails or is unable to cure a default in accordance with this Agreement, and unless otherwise agreed to in writing by the County, the County may, at its option and without waiving or releasing any rights or remedies available to it under this Agreement or applicable law, terminate the applicable Work Order, Category, and/or this Agreement, in whole or in part, for cause upon written notice from the County Representative to the Consultant, which termination shall be effective immediately unless otherwise stated in the notice. In the event of a termination for cause, the County may procure services, materials, work, or goods similar to those terminated through other sources, and the Consultant shall be liable for any additional costs, damages, or expenses incurred by the County as a result thereof. If it is subsequently determined that the Consultant was not in default, or that the default was excusable due to causes beyond the Consultant's control and without the fault or negligence of the Consultant, then such termination shall be deemed a termination for convenience, and the rights and obligations of the parties shall be governed accordingly.

(d) Termination for Convenience. The County may, whenever it determines that such action is in the County's best interests, terminate this Agreement, any Category, or any Work Order, in whole or in part, for convenience. The County Representative shall provide the Consultant with thirty (30) calendar days' prior written notice specifying the effective date of termination. In the event of a termination for convenience, the Consultant shall be compensated for all Services satisfactorily performed through receipt of the notice of termination and for any additional Services

specifically authorized in writing by the County to be performed through the effective date of termination.

(e) Mutual Termination. The parties may mutually agree to terminate this Agreement, any Category, or any Work Order through a written amendment executed by the parties. Such amendment shall specify the effective date of termination and establish the procedures for the orderly close-out of the Agreement, Category, or Work Order. The County Representative is authorized to execute such amendment on behalf of the County.

(f) Unless directed differently in the notice of termination, the Consultant shall incur no further obligations in connection with the terminated Services and shall stop Services to the extent specified and on the date given in the notice of termination. Additionally, unless directed differently, the Consultant shall terminate outstanding orders and/or agreements related to the terminated Services and shall transfer all Services in progress, completed Services, and other materials related to the terminated Services to the County.

(g) Termination of this Agreement, Category, or a Work Order shall not relieve the Consultant of its responsibilities for the completed portion or concerning any just claims arising out of the Services performed prior to termination.

(h) Force Majeure. Neither party shall be liable for any failure of or delay in performance of its obligations under this Agreement to the extent such failure or delay is due to a "Force Majeure Event". For purposes of this Agreement, "Force Majeure Event" shall mean any event or agency delaying or preventing the performance of a party's obligation(s) under this Agreement which is beyond the reasonable control of the parties, including but not limited to acts of God, natural disasters, fire, flood, war, terrorism, governmental actions, labor strikes, pandemics, or other unforeseeable circumstances. Upon notice of a Force Majeure Event, the party whose performance under this Agreement is affected thereby shall: (i) promptly notify the other party by the quickest means available, explaining the nature and expected duration thereof; and (ii) use reasonable efforts to diligently remedy the interruption or delay, provided that the interruption or delay is reasonably capable of being remedied by that party. In the event that any event of Force Majeure occurs, the Consultant may request a reasonable extension of time for performance of its Services.

SECTION 16. AUTHORITY TO SUSPEND SERVICES

The County Representative and/or Project Manager shall have the authority to suspend the Services, in whole or in part, under this Agreement or any Work Order for such period or periods as deemed necessary due to unsuitable weather conditions, budgetary constraints, unfavorable site conditions, litigation, regulatory actions, or any other circumstance beyond the County's reasonable control. Upon written notice of suspension, the Consultant shall immediately suspend the affected Services as directed. The Consultant shall not be entitled to recover damages, lost profits, unabsorbed overhead, or other additional compensation arising from the suspension or delay of the Services, regardless of the cause. However, the time for completion of the Services shall be extended by a period deemed reasonable under the circumstances, as mutually agreed upon by the County and the Consultant, and memorialized in a written Work Order modification or amendment executed in accordance with this Agreement. The Consultant shall be compensated

only for Services satisfactorily performed prior to the effective date of suspension and for authorized Services performed after the County issues written notice to resume Services, in accordance with the applicable Work Order. Suspension or delay of the Services, whether caused by the County, third parties, or events beyond the County's control, shall not give rise to any claim for additional compensation or damages against the County.

SECTION 17. AUDIT OF CONSULTANT'S RECORDS

- (a) All records, expenditures, and payments under this Agreement are subject to examination and/or audit by the County. The Consultant shall maintain all books, documents, papers, financial/accounting records and other evidence pertaining to costs incurred in the performance of the Services, and the Consultant must make the records available upon request.
- (b) All records connected with this Agreement must be retained for a period of at least 5 years following the date of final payment and close-out of all pending matters. All records shall be kept in such a way as will permit their inspection pursuant to Chapter 119, Florida Statutes.

- (d) The provisions in this Section shall survive the termination or expiration of this Agreement.

SECTION 18. PUBLIC RECORDS

(a) The Consultant acknowledges the County's obligation under Art. 1, Section 24, Florida Constitution, and Chapter 119, Florida Statutes, as from time to time amended (together, the Public Records Laws), to release public records to members of the public upon request. 4. Upon completion of the Agreement, transfer, at no cost, to the County all public records in possession of the Consultant or keep and maintain public records required by the County
